SUMMARY

A computer science student and a highly motivated data scientist with a foundation in data analysis and data science. Dedicated to making a significant impact in the data industry, employing a collaborative and team-oriented approach to leverage data-driven insights to solve complex challenges also possessing a passion for continuous learning with an ability to adapt to situations and also having a strong attention to details.

SKILL HIGHLIGHTS

- | | | | |
|----------------------|-------------------|-------------------------|-------------------|
| • Python Programming | • Data Science | • Communication skills | • Innovative |
| • Data Analysis | • Computer Repair | • Strong decision maker | • Service-focused |
| • Data Visualization | • Problem Solver | • Microsoft PowerPoint | • Team Player |

EXPERIENCE

Intern - 2022 - 2023

Lagos State University Teaching Hospital, GRA-Ikeja, Lagos.

- **Streamlined nurse database management:** Designed and implemented new data entry forms, reducing data entry errors.
- **Enhanced communication network:** Configured and maintained CUG lines, improving team communication efficiency.
- **Bolstered server uptime:** Provided comprehensive server maintenance.
- **Championed technical troubleshooting:** Resolved diverse system issues across the organization, minimizing downtime and improving staff productivity.

Operations Assistant - 2021

TSAGEandTBOG Consult, Opebi, Lagos.

- **Supported operational excellence:** As second-in-command, managed daily operations and deputized for the manager seamlessly.
- **Streamlined administrative workflows:** Scheduled meetings, team-building sessions, and client interactions, fostering a collaborative environment.
- **Cultivated client relationships:** Provided exceptional customer service and maintained positive relationships with vendors.
- **Championed organizational effectiveness:** Prepared and filed forms, streamlined recruitment processes, and managed office supplies, improving overall efficiency.

Course Coordinator - 2020

TSAGEandTBOG Consult, Opebi, Lagos.

- **Enhanced learner experience:** Collaborated with designers to create user-friendly course interfaces and intuitive learning materials.
- **Data-driven decision making:** Conducted research, analyzed data, and presented findings to management, contributing to informed course adjustments.
- **Optimized course logistics:** Scheduled regular meetings with faculty, managed resources, and facilitated smooth course delivery.

Volunteer Member Logistics and IT Team - 2019

TSAGEandTBOG Consult, Opebi, Lagos.

- **Logistics liaison:** Served as the primary point of contact for clients regarding logistics issues, resolving inquiries promptly and effectively.
- **Cross-functional collaboration:** Partnered with customer service, Quality, Planning, and purchasing teams to streamline logistics processes.
- **IT troubleshooter:** Supported the IT team in identifying and resolving online platform issues, ensuring optimal website performance.

IT Engineer - 2018

Blessing Computers Limited, Computer Village, Ikeja.

- **Tech-savvy problem solver:** Diagnosed and fixed hardware and software issues on laptops and desktops, exceeding customer expectations.
- **Quality assurance champion:** Collaborated with the Team Lead to conduct thorough QA testing, optimizing system usability and minimizing errors.
- **Hardware repair specialist:** Skilled in repairing circuit boards, memory devices, and routers, ensuring efficient system restoration.
- **Proactive maintenance provider:** Conducted routine system checks and implemented preventive measures, minimizing downtime and repair costs.

EVENTS AND CAPACITY BUILDING SESSIONS

- Zenith Tech Fair 2.0 (**Future forward 2022**).
- DevFest Lagos 2022 (**Google Developers Group**).
- [AI] Community meet up (**Analytics Intelligence [AI]**).

EDUCATION AND CERTIFICATIONS

- Imperial College London (Cousera): **Mathematics for Machine Learning: Linear Algebra** - 2023
- Cognitive class: **Python for Data Science** – 2023
- Cognitive class: **Data Visualization with Python** - 2023
- Cognitive class: **Data Analysis with Python** - 2022
- NIIT Fortesoft: **Certificate in Programming with Python** - 2022
- Bincom Dev Center: **Certificate of Participation (Python Beginners and intermediate Class)** – 2022
